# One philosophy. *Three verticals.*

## Playissm

PLAYISSM designs human-centred learning environments and sensory-informed spaces that combine neuroscience, design and play to improve learning, wellbeing and human experience.

**PHILOSOPHY**
The way people feel shapes how they engage, so we design the conditions around them.

**METHODOLOGY**
ISSM, guided by Rhythms, Modes and Invitations, and lived through the Living Loop.

**ECOSYSTEM**
Three verticals that put the philosophy into practice across contexts.

## PlaySense

SENSORY ENVIRONMENTS

Sensory and regulation-led environments for public and shared spaces.

**WHAT IT DOES**
Designs sensory environments, quiet spaces and regulation-led experiences.

**FOR**
Airports, hospitality, real estate, workplaces and public environments.

**WORKS THROUGH**
Environment

## Kagami

LEARNING ECOSYSTEM

A global studio school for rhythm-led, regulation-first learning.

**WHAT IT DOES**
Studio-style learning, projects, guided experiences and self-directed discovery.

**FOR**
Children and families, educators, schools and learning communities.

**WORKS THROUGH**
Learning

## PlayStudio

PHYSICAL EXPERIENCE

Physical spaces where play, learning, creativity and community come together.

**WHAT IT DOES**
Activity spaces, creative studios, a reading area, a toy library and a café.

**FOR**
Families, communities, schools, creators and partners.

**WORKS THROUGH**
Physical community experience

Playissm

# What sits *where.*

PLAYISSM holds the belief and the method. Each vertical applies them to a specific audience and setting.

| | PLAYISSM · umbrella | PlaySense · Kagami · PlayStudio |
|---|---|---|
| ROLE | Sets the philosophy and holds the ecosystem together, so every vertical works from the same belief. | Puts the philosophy to work in one specific context, with its own audience, offer and proof. |
| OWNS | Belief, ISSM, Rhythms · Modes · Invitations, the Living Loop, brand identity, IP and research. | Offer, programmes, spaces, projects and their proof. |
| SPEAKS TO | Partners, institutions, designers, architects, developers and organisations. | PlaySense: airports, hospitality, public spaces. Kagami: children, families, educators. PlayStudio: families, communities, creators. |
| VOICE | Human-centred, contemporary and thoughtful. Sophisticated without being clinical. | The same voice, tuned to its audience. Playful without being childish. |
| LOOK | Logo lockup with Indigo, Deep Plum and Crimson. | Indigo, Ink, White and Brume, plus one accent each: teal, yellow, orange. |
| DOCUMENTS | Company deck, profile and capability statement. | One-pagers, programme materials and project case studies. |

Playissm

# Four names, *one system.*

## PLAYISSM

THE UMBRELLA

PLAYISSM designs human-centred learning environments and sensory-informed spaces that combine neuroscience, design and play to improve learning, wellbeing and human experience.

## PlaySense

SENSORY ENVIRONMENTS

Sensory and regulation-led environments for public and shared spaces.

## Kagami

LEARNING ECOSYSTEM

A global studio school, rhythm-led and regulation-first.

## PlayStudio

PHYSICAL EXPERIENCE

Physical spaces where play, learning, creativity and community come together.

### VERBAL

**PLAYISSM** in capitals in text. “Playissm” appears only inside the logo.

Verticals in CamelCase, singular, never abbreviated.

First mention carries the descriptor, then the name stands alone.

Introduce PLAYISSM with the standard description, word for word.

“Verticals” in business documents, “expressions” in brand storytelling.

### VISUAL

The logo lockup marks every PLAYISSM asset. Verticals are typeset names until dedicated marks exist.

Crimson belongs to PLAYISSM alone.

Each vertical adds one accent to the shared Indigo, Ink, White and Brume.

Accents fill shapes. Text stays Indigo or Ink.
